Do you know how
much employee
disengagement
costs you?

A Coffee with Teresa

Your platform and AI
assistant

To help increase
employees' welfare

Mental Health:

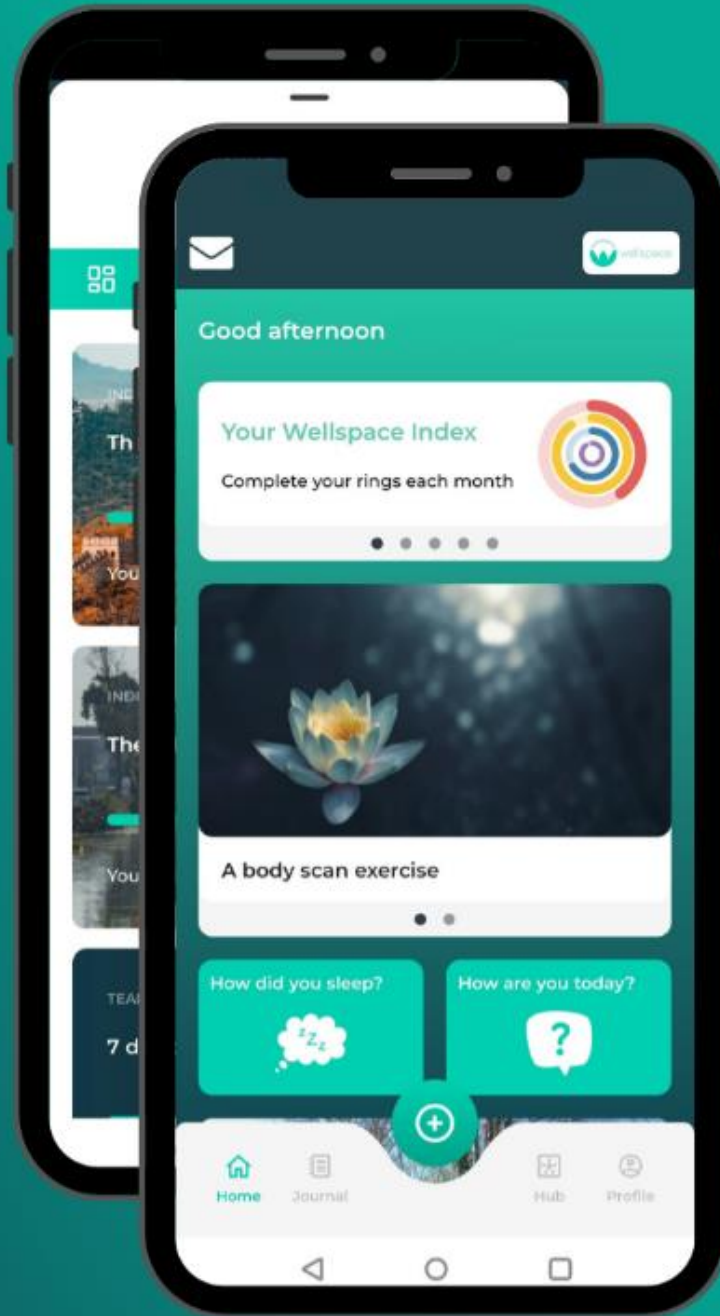

"What did you like/dislike about your day in the office?"

Burnout prevention

Carrer and Goals:

Training
Life-long learning
What are your goals?

Physical Health:

Use app to get health point in the gym

Work-life balance

Survey on family and free time needs

Steps

Data collection
(chat + surveys)

Personal welfare
plans (combination
of productivity +
personal needs)

Feedbacks
(suggestions by the
workers + possible
solutions)

Let's take a
coffee with
Teresa!

Appendix: The General Idea

Managing data of the workers

Workers give anonymous feedbacks and Teresa **collects** the data and **tries** to give solutions about their issues

Teresa manages the working time of all the employees in order to allocate working tasks equally and prevent burnout

Identification of trends and patterns
