**Description:**

Fondazione Mondo Digitale organizes, in collaboration with the USA Embassy in Rome and the association Girls Who Code, the event "CodingGirls Roma-USA". It is an educational tour of 7 days around secondary schools in Rome, where 2 expert coaches will teach girls how to code and equip them with the computing skills to pursue 21st century opportunities. The week will end up with a hackaton. The activities will also involve primary schools, through the organization of laboratories addressed to young students at the Phyrtual Innovation Gym (<http://mondodigitale.org/what-we-do/areas-intervention/youth-entrepreneurship/palestra-dellinnovazione-0>)
