Future Fair In Milan

The final day of Project Future Recodef will be held at the Milan Future Fair on Friday.

Project Future ReCoded, financed by Microsoft and the Fondazione Cariplo and coordinated by Fondazione Filarete, encourages students to apply their technological skills creatively to identify innovative solutions that can improve how we live, play and work.

Besides the Fondazione Mondo Digitale, TechGarage, I3P, Polihub, Italiacamp and Talent Garden also collaborate on the project.

A Future Fair, ten teams of students, selected from throughout Italy, will compete with innovative ideas to improve everyday life through technology.

To participate: <https://futurefair.eventbrite.it>

The Jury

Giovanna Roversi, Microsoft

Carlo Rinaldi, Microsoft
