## Future ReCoded In Rieti

The ninth stop of the **Future Recoded** educational tour is in Rieti to improve the digital skills of young men and women. After Tuscany, Puglia, Campania and Emilia Romagna, the programme arrives in Lazio.

Today, the appointment is at IIS **Celestino Rosatelli** in Rieti, the school managed by Headmaster Daniela Mariantoni.

The course will be held by Coach Stefania Antonini, **Microsoft Student Partner** Team Leader, with a Masters Degree in Computer Engineering from the **Università degli Studi di Roma Tre**.

Project **Future ReCoded** (March 2016 - February 2017), financed by **Microsoft YouthSpark** and **Fondazione Cariplo**, and coordinated by the **Fondazione Filarete**, aims to provide greater professional opportunities for thousands of Italian students through the practice and development of digital and technological skills.
