## **WHAT WE DO**

The Global Junior Challenge takes place within the context of Italian Digital Agenda and Europe 2020. More precisely, the aim of the Global Junior Challenge is to encourage young generations and their teachers to use of the new technologies, exchange experiences and emulate successful initiatives. This is a massive chance to reflect and share experiences on the challenges posed by the 21st century education and the role of new technologies in the innovation of the teaching approach and in the process of social inclusion, development and poverty reduction. The GJC competition is open to all kind of associations, public and private institutions, cooperatives, schools, universities, companies and individuals of any age from all around the world: admissible projects must be active or finished, and address young men and women up to age 29, who use ICT for educational objectives.

**Call for project** The projects about Education for the 21st century are divided into different categories:

- Up to 10 years old
- Up to 15 years old
- Up to 18 years old
- Up to 29 years old

and three other categories:

- Youth Access to Working World
- Integration of Immigrants and Refugees
- Environmental Sustainability
