

SAPIENZA UNIVERSITY OF ROME SCHOOL OF ENGINEERING IN COMPUTER SCIENCE

THE SEVENTH EDITION OF THE ROMECUP 2013

The seventh edition of the RomeCup 2013 – Excellence in Robotics in Rome, promoted by Fondazione Mondo Digitale in collaboration with ANP (Association of School Managers and Professionals) and with the support of Comau Robotics, ENEA, STMicroelectronics and Media Direct, will be held in Rome March 20-22, 2013.

The SPQR team from DIAG will contribute with a demonstration of humanoid robot soccer players on day three (22/03/2013), held at the Rome Campidoglio, Sala della Protomoteca,

Moreover, day three (22/03/2013) will be host also the Jobot Matching Day, where students will have the chance to meet enterprises and universities involved in robotics.

Within this context, Zucchetti Centro Sistemi (<http://www.centrosistemi.it/it/robotics-division>) will select 50 graduate students to for a day visit at their robotic department.

Send an e-mail to randelli@dis.uniroma1.it to candidate yourself for meeting the representatives of Zucchetti Centro Sistemi. Please provide academic qualification, since the number of candidates from Sapienza is limited to 10.
