

Open Education Europa

The gateway to European innovative learning

SONET-BULL "Using social networking ICT tools with peer learning and crowdsourcing techniques to train school communities on how to deal with student bullying"

SONETBULL is an ERASMUS+ KEY ACTION 2 School Education project which proposes to combine modern pedagogical approaches (eLearning and peer learning) with widely used technological means (Internet, social networking, mobiles) in order to provide timely and continuous support to the entire community of stakeholders in dealing with school bullying.

The **main objective** of SONEBULL is to design, create, implement and evaluate a **training platform that will provide teachers, teacher trainers, and all other stakeholders' access to accredited training material on school bullying, as well as the means to publish their experiences and to comment and tag the experience of their peers.**

SONETBULL is an ERASMUS+ KEY ACTION 2 School Education project which proposes to combine modern pedagogical approaches (eLearning and peer learning) with widely used technological means (Internet, social networking, mobiles) in order to provide timely and continuous support to the entire community of stakeholders in dealing with school bullying.

The main objective of SONEBULL is to design, create, implement and evaluate a training platform that will provide teachers, teacher trainers, and all other stakeholders' access to accredited training material on school bullying, as well as the means to publish their experiences and to comment and tag the experience of their peers.

Partnership:

The consortium of the project consists of 5 partners from 4 EU countries (Greece, Belgium, Italy, and Ireland).

1. Hellenic Open University (HOU) Greece (Coordinator)
2. INFOREF, Belgium
3. Computer Technology Institute & Press Diophantus (CTI), Greece
4. Fondazione Mondo Digitale (FMD), Italy
5. Dublin Centre University (DCU), Anty Bullying Centre (ABC), Ireland

Main Activities of SONETBULL

Collection of best practices, school bullying literature legislation framework, real life cases

Definition of skills and competences required to deal with bullying

Specification of learning outcomes and assessment criteria

Design of peer learning methodology

Training of learners in using the methodology and the platform

Initial education digital content for the scenarios

Design and implementation of the peer learning a platform

Pilot testing of the platform and of educational scenarios
